

Pupil Progress Spring 2 2022

Progress in Maths and Literacy continues to improve and this academic year over 85% of pupils are making expected of above expected progress in these areas of learning.

Our most able pupils are making at least expected progress in **Spoken Language and Statistics**. There continues to be an improvement in the progress of children who are in receipt of the **pupil premium grant** which is now comparable to that of their peers.

As always thanks to everyone for your support.

Article 29 CRC

You have the right to education which tries to develop your personality and abilities as much as possible
