### Coronavirus and Delamere – True or False

1. Delamere met my needs during coronavirus

True ALL False NONE

2. Delamere met my child's needs during coronavirus

True ALL BUT TWO ONE IN THE MIDDLE False ONE

- My child wasn't keen on online learning but was sent other activities
- I didn't feel there was much communication in the first lockdown however this had improved by the second
- My child was off recently with COVID and I would have liked more contact, I only got work sent when I chased it up. A check in would have been nice.

3. Delamere is meeting my needs as we come out of coronavirus

True ALL False

- We are learning to live with it.

4. Delamere is meeting my child's needs as we come out of coronavirus

True ALL False

- The children are in school, they are happy and safe.
