25th March 2022 There are Shortcuts to Happiness

Dear Parents and Carers,

As promised we enjoyed a day with Northern Ballet School this week.

It was the most magical day of dancing, singing and creative expression.

The children were enthralled and showed just how much they enjoyed it in lots of different ways – there were lots of smiles, giggles, and excitement. Lots of the children joined in and showed just how much music and dance means to them too.

The students from the ballet school were fabulous – their sensitivity and warmth towards the children was lovely, they were willing to adapt as they went along, didn't mind the children's curiosity and happily let them engage in whichever way suited.

The talent showed by the Ballet School students was breath-taking, and inspired lots of our children to have a go themselves!

The day forms part of our cultural enrichment programme and is our way of making sure children have access to experiences they might not have outside school. Many of our children would find it very difficult to sit still in a theatre for a dance performance but in familiar surroundings where they were free to move around, they LOVED it!

We would like to say a HUGE thankyou to Northern Ballet School for your generosity and look forward to our partnership getting stronger each year.

Check out our social media pages for photos and videos from the day.

As if we didn't feel lucky already the sun has been out all week! Happy Days may it long continue.

The only difficult part of the week was having to close a class group due to high numbers of Covid cases amongst staff.

Although we would love to get everyone back into school and attendance levels back up, we are also faced with the impossible task of trying to control the spread of Covid amongst our community. Please do contact us if you are unsure whether or not to send your child into school or if they seem unwell.

THERE ARE SHORTCUTS TO HAPPINESS
**and dancing is
one of them.**
