

POLICY FOR THE PROVISION OF HOME LEARNING DURING THE CV 19 PANDEMIC

OVERVIEW

The CV19 pandemic has placed this school, its governors, staff, parents and pupils under considerable strain as they try to provide an appropriate education. This policy sets out the strategy that the school will use in the event of it having to send pupils home due to outbreaks of infection. For pupils needing to work at home and those who are isolating, the school will do all that it can, within its resources, to ensure that they can learn successfully at home. The school will follow the latest advice provided by the DfE if and when it needs to enact the intentions set out in this policy.

INTENT

1. The school will do all that it can, within its resources, to ensure that those pupils who are isolating from school or have been sent home because of outbreaks of the virus, can continue to learn successfully at home.

IMPLEMENTATION

1. To maintain teaching and learning of the curriculum the school will provide pupils with appropriate tasks and work to carry out at home.
2. Email & the school website will be used to direct parents to approved sources where they can find appropriate, high quality learning materials to support their children's learning.
3. Where homes and pupils do not have access to computers or the internet, alternative strategies will be used so that those pupils are not disadvantaged.
4. Where they cannot be provided by the pupils' homes, the school will do its best to provide appropriate materials and the other essentials necessary for pupils to learn e.g. writing materials, rulers, pencils, paper, colouring materials and work books.
5. If and when it is made available, the school will use DfE additional funding to fill gaps in pupils' resources and needs.
6. Where it is appropriate and possible to do so, the internet will be used safely by the school to maintain contact with pupils and parents to provide support for teaching and learning.
7. Teachers will try to maintain regular contact with their pupils so that they can support learning.
8. The school will follow the DfE guidelines and make appropriate provision for the continuing safeguarding, care and support of all pupils, especially those who are vulnerable.
9. The school will liaise with appropriate agencies to maintain the specialist support that some pupils may need.
10. The school will remain available to offer help and advice to parents who request support with the provision of learning at home.

IMPACT

This policy sets out the intent and broad guidelines that will underpin the school's actions if there is a need for pupils to work remotely and remain at home due to an outbreak of CV19 or in the event of a local or national lockdown. The working details of the policy will be devised at the time of need so that they can address the particular circumstances of that emergency. The prime intention of the school is that pupils will continue to be educated on site unless it becomes unsafe to continue. If this policy needs to be enacted it is expected that all parents and the school will work together in partnership to resolve any problems that need to be overcome.
