

INCLUSION PROJECT – DELAMERE SCHOOL/WOODHOUSE SCHOOL

The inclusion project between Delamere School and Woodhouse School was a great success, in as far as, total inclusion and enjoyment by all who took part. The aim of this project was to gather and record evidence, that was purposeful, with a trust worthiness/credibility and ethical approach, and obviously, with a total inclusive focus. Questions we asked ourselves...”Did the project promote communication skills with the children? Did the project promote engagement with all the children? Did the project promote assessment for learning?” ... the answer to all these questions can be answered by the photographs and the children’s comments

INCLUSION PROJECT – DELAMERE SCHOOL/WOODHOUSE SCHOOL

The first two weeks of our intervention, we introduced Boccia skills to all the children. On the third week they had a Boccia competition.

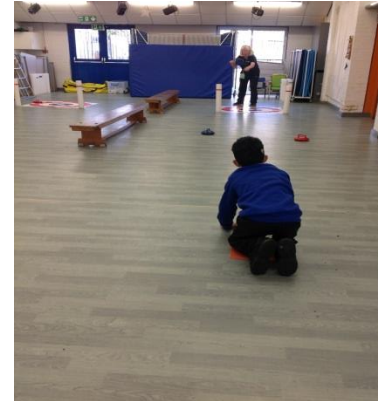

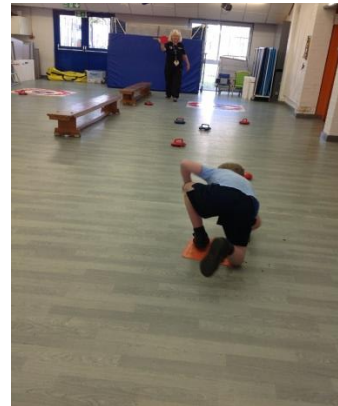

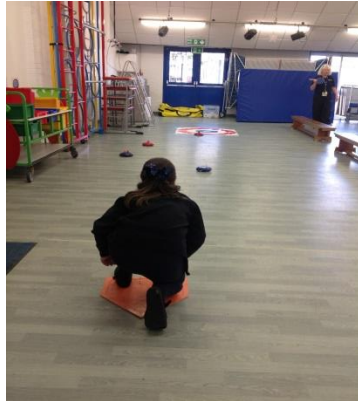

The pupils from both schools were confident enough in the end, to take down the scores. Well done!!

INCLUSION PROJECT – DELAMERE SCHOOL/WOODHOUSE SCHOOL

Pupils from both schools in February, experienced two weeks of New Age Kurling. The first week they did N.A.K. skills, which was taken from the Kurling Awards Scheme, which involved 'Accuracy' and 'Power'. On the second week they did a competition against each other, with lots of competitive strategies.

INCLUSION PROJECT – DELAMERE SCHOOL/WOODHOUSE SCHOOL

In March we did three weeks of 'Table Cricket. Lancashire County Cricket Club, very kindly allowed us to borrow their Table Tennis table. The pupils experienced two weeks of coaching and learning the rules of the game first, then on the third week they had a inter competition. Following the competition, our head teacher, Sally Burston, very kindly presented every child with a certificate and a medal. They very proudly agreed to a celebration photograph altogether. Well done to everyone that took part in this project!!

Here are some of the comments and responses from the children:-
