

Parent Council 2021/22

YOU SAID

1. We want clarity about Annual Reviews, who would be present, how you could have your say, record of decisions made and to have refreshments.
2. We love the PODD mats you've taken to the community with classes, we want some to have to use with our children and to take out to our local places.
3. We want to volunteer but there are things we are not sure about.

WE DID

1. We now send out a termly email to those with an annual review that term, stating what its about, how you can contribute and who you can bring. We then send out any agreed actions via email after the review. We also now provide tea and coffee in the room.
2. We developed #voicesandchoices involving more communication methods and offering them out to families.
3. We held a volunteer information session to answer all your questions.
