Trafford Special Educational Needs School Nursing Service

Powered by:

Manchester University
NHS Foundation Trust

TRAFFORD
COUNCIL

Our Role

We are a nurse led team providing specialist support through safe, evidence based, person-centred healthcare to children & young people (CYP) aged between 4-19 years with long term and complex physical health needs.

We provide this within the six SEN schools below in Trafford.

- Delamere
- Pictor
- Longford Park
- The Orchards
- Brentwood
- St John Vianney

The school health service is a partnership with parents/guardians, the community nurses and the wider multi-disciplinary team within Trafford.

The service aims to maintain and support CYP's health and additional needs throughout their educational years.

We look forward to developing a supportive relationship with the CYP and their parents/ carers through providing a holistic and caring role highlighted below.

It is our aim to involve CYP and parents/carers in their care, enabling informed choices to be made, keeping them central at all times in the child's individual health development.

We Offer

Providing a universal service to children and young people by assessing, planning, implementing and evaluating their health and care needs whilst attending school as part of the school health programme.

Facilitating early recognition of health, social and emotional problems.

Liaising with education staff, therapists, ophthalmology, social workers, community nurses and specialist nurses and wider multi-disciplinary team professionals.

Supporting immunisation programmes in line with national guidance.

Offering support and advice to school staff to promote pupil health .

Providing up to date and evidence based care and training for education staff to be competent to meet children's health care needs including administering medicines, caring for gastrostomies, tracheostomies and supporting education staff in developing individual health care plans.

Support and contribute to Educational Healthcare (EHC) plans and other healthcare plans as required such as, continuing healthcare and Looked After Child (LAC) assessments.

Support the clinics held in school by the Consultant Community Paediatricians and other professionals by providing updates such as height and weight.

Contact Details:

The team can be contacted during the hours of 8:30am– 4pm, Monday to Friday, excluding Bank Holidays.

A message can be left on 0161 934 8333

Alternatively you can email the team on: mft.Traffordsnsparents@nhs.net

If you have any compliments about this service or suggestions for improvement, contact our Patient Advice and Liaison Service, detailed below.
